Quality

4700 SERIES
Wood & Concrete
Deck Resurfacer

CREATES A THICK, RICH, DURABLE SURFACE
100% Acrylic High Build Coating

- Excellent Coverage & Durability
- Waterproofs
- Locks Down Splinters
- Mildew Resistant
- Resists Dirt
- Fills Cracks & Voids

Designed to resurface old, worn, damaged and weathered wood and concrete deck surfaces. It is a high performance coating offering excellent durability, scuff and wear resistance under heavy foot traffic. Locks down splinters on wood decks; fills cracks up to 1/4"; and forms an effective barrier against moisture that can damage exterior wood and concrete. FlexDeck Coatings are easy to apply and dry to a low sheen, barefoot friendly finish.
