Industrial
Universal
Primers

1120 Series Rust Shield Industrial Universal Primers

OUR HIGHEST PERFORMING SINGLE-PACK
INDUSTRIAL METAL PRIMER

1120 Off White / 1121 Gray

- Resists Undercutting and Blistering in Corrosive Environments
- Dry to Touch, 30 - 60 minutes; Dry to Recoat, 6 - 8 hours
- Excellent Exterior Durability
- For Use on Steel, Galvanized and Aluminum

This universal phenolic primer is highly resistant to corrosion and can be used under virtually any topcoat, including solvent based epoxies and 2K urethanes. Formulated for the professional user in commercial and industrial environments. For field and shop use.

1130 Series Rust Shield QD Industrial Metal Primers

THE PERFECT COMPANION PRIMER FOR OUR
RUST SHIELD QD ALKYD FINISHES

1130 White / 1131 Gray / 1135 Red Oxide

- Fast Drying & High Production
- Dry to Touch, 30 - 60 minutes; Dry to Recoat, 6 - 8 hours
- Rust Preventative
- Moisture & Chemical Resistant

The 1130 Series QD Industrial Metal Primers are a chemistry match for our 1500 and 1700 Series of QD Alkyd Gloss topcoats. They are made to work together. A great choice for structural steel, tanks, pipes, rails, catwalks, machinery and equipment.

Richard's Paint offers additional industrial primers, including high performance waterborne acrylics, epoxy primers, epoxy mastic, and 100% solids epoxy rust penetrating sealer, and alkyd shop primers.
