Decorative Floor Chips

EnduraTread Decorative Floor Chips make resinous flooring as beautiful as it is practical and cost-effective.

Broadcast these decorative chips into freshly applied coatings to achieve premium finished floors. Compatible with waterbase and solvent base coatings.

Available in four popular blended color combinations. Use them as-is or combine them to achieve your own unique look.

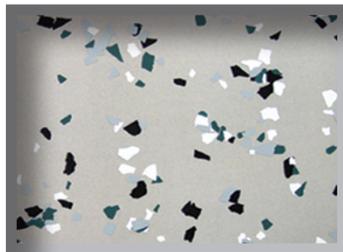

- Excellent Durability
- Use with Water or Solvent Based Coatings
- Colorfast
- UV Stable

Available in the following color combinations:

- 3120.2 Blue / Gray / Black / White
- 3120.3 Green / Gray / Black / White
- 3120.4 Brown / Tan / Black / White
- 3120.5 Gray / Black / White
